

LEVEL 3

AUTISM & DEMENTIA BUNDLE

with 

About this course

This course helps learners to gain in-depth knowledge of Autism and develop skills to create inclusive environments that support the diverse needs of individuals with learning disabilities. Learners will also explore communication methods to meet the specific needs of individuals with dementia and gain an understanding of the emotional, social, and cognitive aspects of dementia, enabling more informed and compassionate care. This training has been made possible thanks to Greater Manchester Combined Authority securing funding through the UKSPF fund.

What are the units/modules involved?

- Core: Promoting Effective Communication in Care Settings
- Module 1: Understand the Context of Supporting Individuals with Learning Disabilities
- Module 2: Understand how to Support Individuals with Autistic Spectrum Conditions
- Module 3: Understand the Process and Experience of Dementia
- Module 4: Understand the role of communication and interactions with individuals who have dementia

How will the course be delivered?

It will be delivered online with face-to-face observations.

How long does the course take?

It will take around 20 weeks to complete.

Who is eligible for this course?

- Learners must either live OR work within Greater Manchester
- Learners must be employed and actively involved in a care service.
- Do not currently possess a Level 3 Diploma in Adult Care.
- Learners should ideally have a minimum of Level 2 in Literacy and Numeracy or equivalent
- Learner must be aged 16 or above

LEVEL 3

AUTISM & DEMENTIA BUNDLE

with  acorn
TRAINING

What are the benefits?

- Develop an understanding of Autistic Spectrum Conditions, recognising unique characteristics and challenges.
- Acquire skills to create inclusive environments that consider the diverse needs of individuals with.
- Learn person-centred approaches to provide tailored and effective support for individuals with learning disabilities.
- Enhance professional development.
- Gain a deeper understanding of dementia, cultivating empathy and patience when interacting with individuals undergoing this condition.
- Improve skills to tailor care practices based on the unique challenges presented by dementia, contributing to a higher standard of care provision.

How will learning be assessed?

The qualification assessment revolves around the completion of a comprehensive portfolio of evidence to showcase understanding, competence and skills in practice. The portfolio may include assignments, workbooks, and documentation from onsite practical observations, allowing learners to demonstrate their evidence effectively.

What are the progression routes available?

On successful completion of this qualification, learners may wish to continue their development by undertaking one of the following qualifications:

- Highfield Level 3 Diploma in Care (RQF)
- Highfield Level 4 Certificate in Principles of Leadership and Management in Adult Care (RQF)
- Highfield Level 4 Diploma in Care (RQF)
